PROFILE SUMMARY

Strong in design and integration with intuitive problem-solving skills. Proficient in JavaScript, and React.js. Passionate about implementing and launching new projects. Ability to translate business requirements into technical solutions. I am looking to start my career as an entry-level software engineer with a reputed firm driven by technology.

PROJECTS

WORDLE
01/2024-03/2023

Interactive word-guessing game

- Clean, flexible, and easy-to-navigate user interface.
- Each guess must be a valid 5 letter word. Hit the enter button to submit.
- The word list is a collection of five-letter words from which the game randomly selects one word as the solution word.

CALCULATOR
11/2023-12/2023

User inputs through clickable buttons

- A simple function that takes two numbers as input.
- This project involves HTML for the structure, CSS for styling, and JavaScript for functionality.
- A keypad, an input line, a preview area, and a group of buttons for inserting special mathematical elements.
